The Piedmontese Association of the United States (PAUS) is a 501c(5) non-profit organization that was founded in 1984 and incorporated in 1987. The primary purpose of PAUS is to register cattle, promote the breed, and provide help and support to our members.

PAUS is dedicated to serving the needs of the Piedmontese breeders and its members nationwide. The organization is managed by a volunteer Board of Directors, who are elected by the members they represent. Membership in the association and participation in the election process is fundamental to our organization and essential to our continued progress and success.

Each active member has an equal vote in every election and/or rule change, and all members have a chance to serve on the Board of Directors. The Board of Directors continually strive to make decisions based on the benefits to the whole of the association and the Piedmontese breed, but their job becomes difficult without continued participation from active members. Please consider serving on the Board and helping the association progress into the future. To learn more about volunteering to serve on the Board, or if you need more information about the association or this wonderful breed, please contact one of the local regional Directors or the PAUS office.

A close-up, slightly blurred photograph of a cow's head, showing its eye and ear. The image has a warm, sepia-toned aesthetic. Overlaid on the upper left is the company logo, which features the words "LONE CREEK" in a large, serif font, followed by a horizontal barbed wire graphic, and then the words "CATTLE COMPANY" in a smaller, spaced-out serif font below it.

LONE CREEK

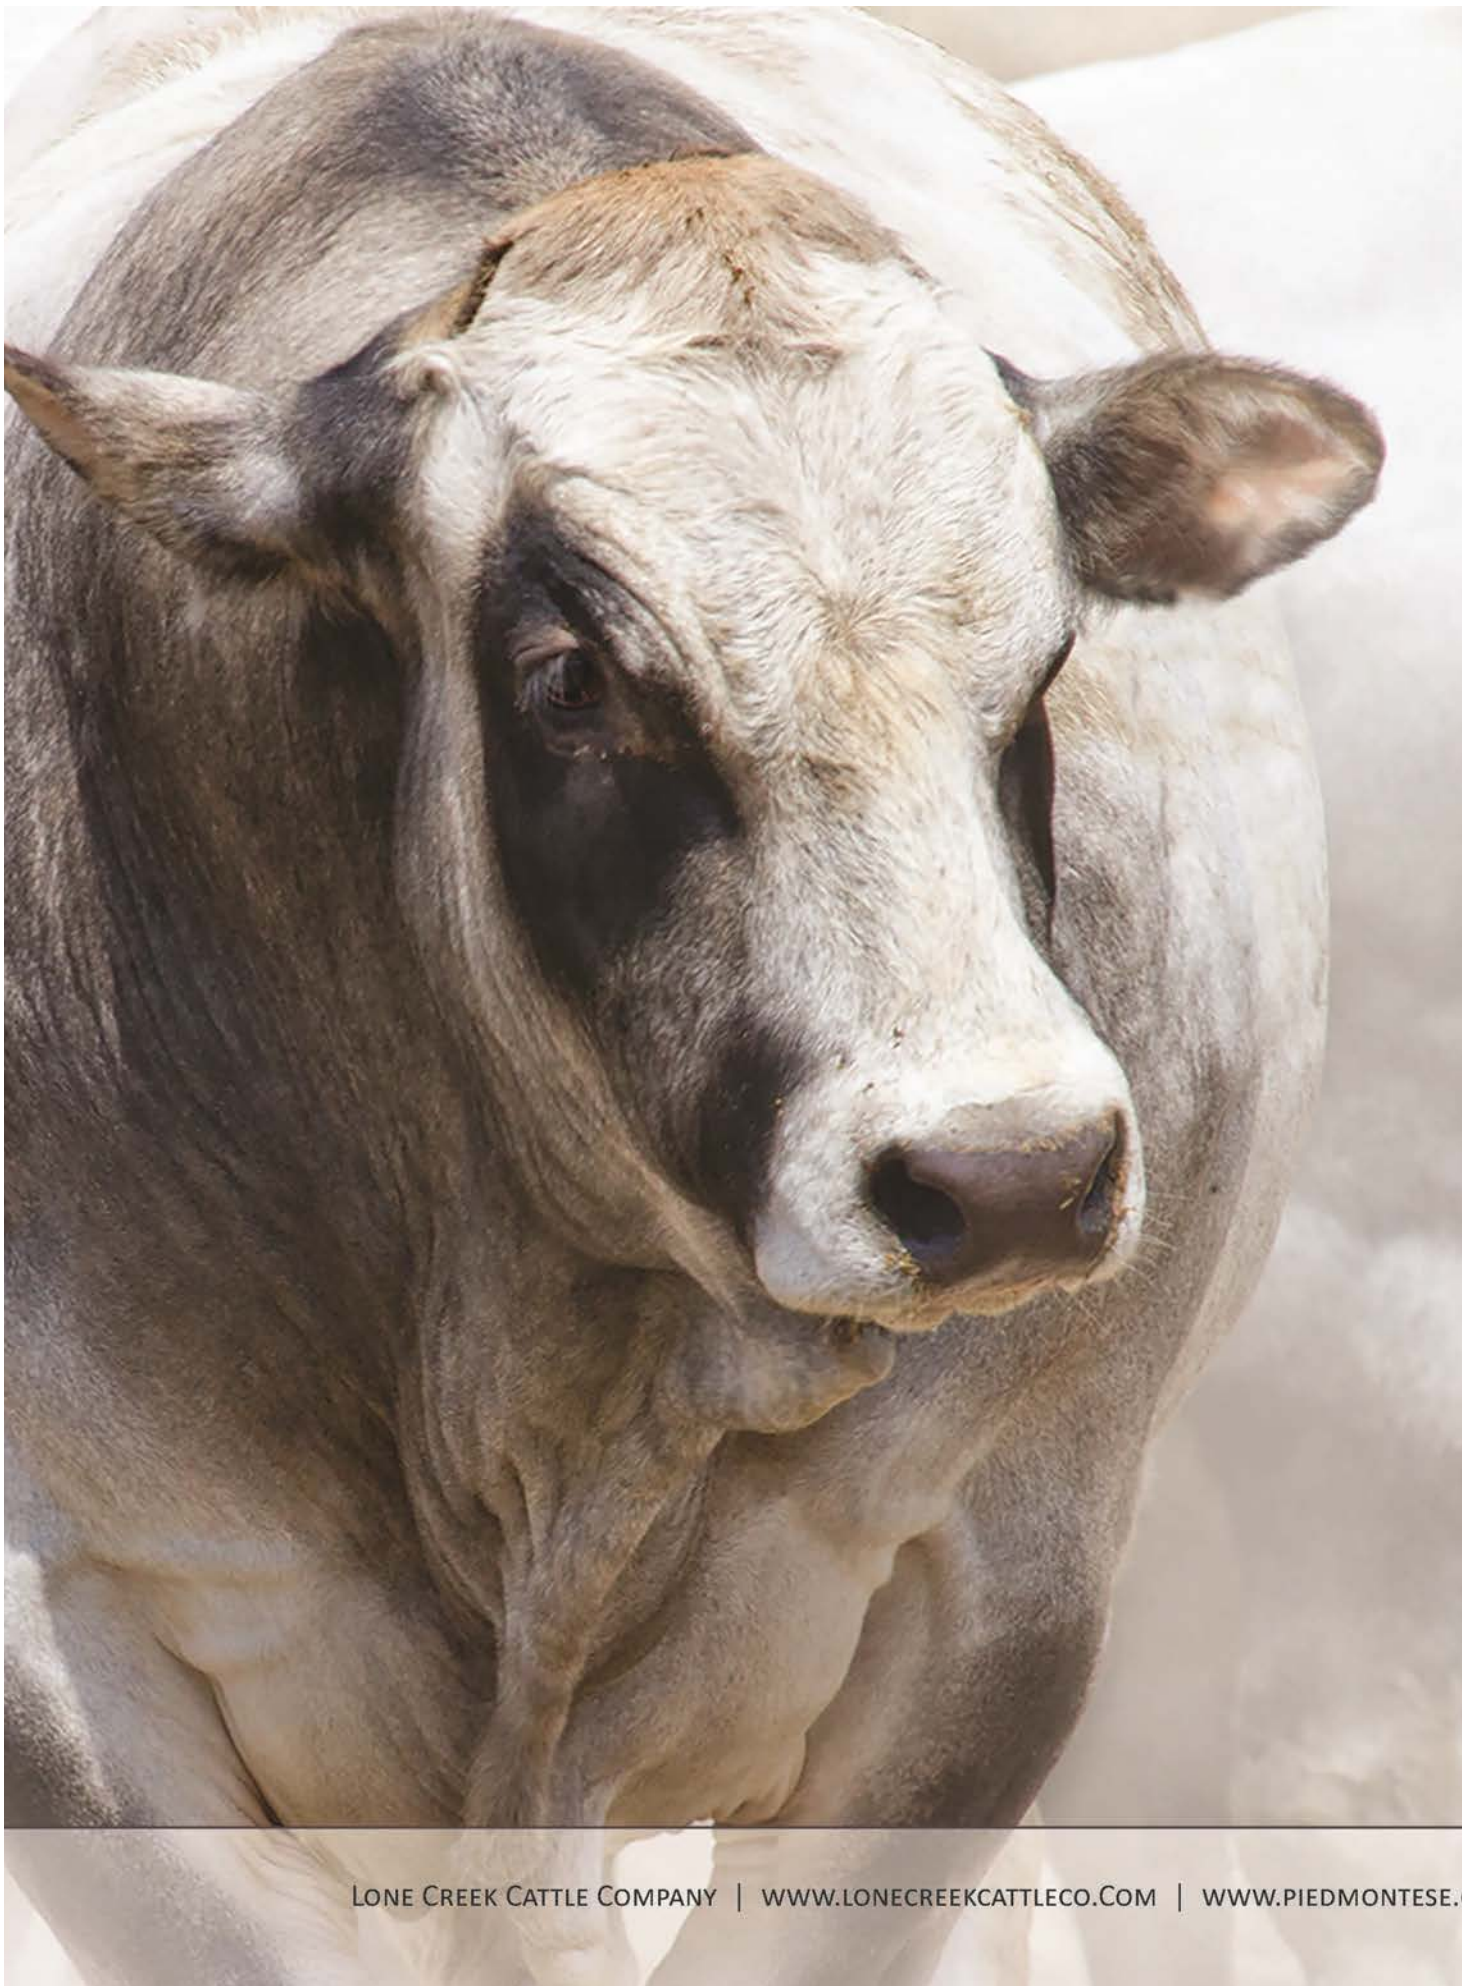

CATTLE COMPANY

Lone Creek Cattle Company offers commercial cattle ranchers distinct advantages in our rapidly changing industry. Lone Creek's bull lease and AI programs guarantee industry leading premiums for quality cattle producers, while relieving producers of transportation costs and other fees that cut into the bottom line.

- Low bull lease fees
- Guaranteed calf purchase
- Substantial calf premiums
- No bull battery maintenance costs

Call today about bull lease and AI opportunities!

*Chairperson of the Committee

The Piedmontese Association has these individual committees as a way to keep the organization functioning in a manner that we believe to be the most beneficial to our members. Please remember, if you are listed as the Chairperson it is your responsibility to keep in contact on a consistent basis with the other members in your category and then relay any pertinent information to the office, board president, or your regional director so that it can then be addressed in a board meeting and/or sent out to the other members. We could not exist without your help and participation and greatly appreciate your efforts to keep the Association moving in the right direction! If you are not currently on one of these respective committees and would like to be, please contact your regional director for more information on how to join. All members have unique insights and talents that, when shared with the whole, can produce a much healthier and active organization!

DNA Testing Options

- You can download forms from our website: www.pauscattle.org or contact the Paus office.
- DNA samples should be mailed directly to Neogen/GeneSeek along with the [DNA Testing Submission Form](#) and payment. **DO NOT mail the test samples to the Paus Office.**
- Please mail or email a copy of the order form to the PAUS office.
- **No** parentage results will be given to a breeder who is not a member.
